

KEITH FRITZ

Bond Console

Sometimes bare is beautiful, and less is definitely more with this three-tier console. With the support of six beams and the space of three tiers, including the option of either polished brass or polished chrome, this console has the elegance of simplicity. The Bond Console is part of the Brown Davis Interiors Collection.

Available in all sizes and finishes. Shown here in espresso on walnut, 78"L, 18"D, 30"H.
